

Application No.: 10/640,349

Docket No.: JCLA11051

REMARKS

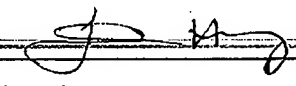

The Notice of Non-compliant Amendment dated January 28, 2008 has been carefully considered. In response thereto, Applicants respectfully submit the supplemental amendment to replace the amendment filed on October 24, 2007. No new matter adds through the amendments.

Applicants also reiterate that Applicants elect species I, claims 1-4 and 17-18, drawn to a graphics display method that uses a common clock source to synchronize blank periods of multiple display devices, and executes a power saving process within the least common multiple occurrence of the blank periods of the display devices. Please cancel claims 5-16 in connection with other species without waiver, prejudice or disclaimer.

Examination of the elected claims is courteously requested.

Respectfully submitted,

Date: 2-25-2008
